

MODEL BUILDING- CONFIGURING THE LEARNING PROCESS

Date	5 November 2022
Team ID	PNT2022TMID29238
Project Name	Project - A Gesture-based Tool for Sterile Browsing of Radiology Images

The screenshot shows a Jupyter Notebook interface with a dark theme. The title bar at the top reads "Untitled8.ipynb" with a star icon for bookmarks. Below the title bar is a menu bar with options: File, Edit, View, Insert, Runtime, Tools, and Help. A status bar below the menu indicates "All changes saved". On the right side of the title bar, there are icons for Comment, Share, and Settings. The left sidebar contains icons for a file explorer, search, and a list of notebook cells. The main area displays a code cell titled "Configuring the learning process". The code in the cell is as follows:

```
# Compiling the CNN
# categorical_crossentropy for more than 2
model.compile(optimizer='adam', loss='categorical_crossentropy', metrics=['accuracy'])
```

At the bottom of the interface, a status bar shows a green checkmark, the text "Ds", and "completed at 8:39 PM".
